"Know syphilis in all its manifestations and relations and all other things clinical will be added unto you."—*Sir William Osler.*

The American Journal of SYPHILIS AND NEUROLOGY

Those who specialise in genito-urinary diseases, dermatology or neurologic diseases will find *The American Journal of Syphilis* an almost indispensable help. It is the only journal in the English language devoted to the study of syphilis exclusively.

Original material from the pens of the leading specialists of the world on syphilis and allied subjects is featured at all times. Each issue contains numerous illustrations in black and white and frequently in colours. Abstracts from the world's leading medical publications also appear in each issue.

The American Journal of Syphilis numbers among its subscribers practi-

Each issue contains approximately 150 pages, making a volume of about 600 pages. When complete each volume constitutes a textbook on syphilis that is far in advance of the average textbook on the subject.

tioners of medicine and specialists in all parts of the world. Many of these have been subscribers since the journal was started in 1917. Such continued patronage is possible only where satisfactory service is rendered.

Editorial Board

Editor—GEORGE HERRMANN, M.D.

Associate Editor for Syphilis—LEON BROMBERG, M.D.

Associate Editor for Neurology—N. W. WINKELMAN, M.D.

With an Advisory Editorial Board, representing Leaders in the Field of Medicine in America

Venereal Diseases

Experience gained from the wide use of the Burroughs Wellcome & Co. products, 'NEOKHARSIVAN' and 'KHARSULPHAN,' has led to simplification in the technique of injection and to greater appreciation of their clinical value.

Both products are approved by the Ministry of Health and comply with the requirements of the Therapeutic Substances Act (Great Britain), 1925 (1931 Regulations), and of the B.P. 1932
