**Symposia**

**A1** Symposium 1: Measurement of sensitive behaviour

**A1** Symposium 2: Rapid tests as tools to transform policy, strengthen health systems and save lives (sponsored by WHO/TDR and the London school of hygiene and tropical medicine)

**A3** Symposium 3: Evaluation of large-scale and complex public health interventions

**A4** Symposium 4: Speeding up elimination of congenital syphilis with rapid syphilis testing: progress and challenges (sponsored by WHO)

**A6** Symposium 5: Unsolved challenges in women's sexual and genital health

**A7** Symposium 6: Updates and perspectives on STI and HIV issues among MSM

**A7** Symposium 7: In the quest for HIV prevention Scale up: Avahan's India experience. Program approaches and emerging evaluation results

**A9** Symposium 8: The global public health challenge of untreatable multidrug-resistant *Neisseria gonorrhoeae* "superbug" (MDR-GC)

**A10** Symposium 9: Applications of program science in the field of STI

**A11** Symposium 10: Strategic approaches for addressing sexual health: lessons. Challenges and opportunities (sponsored by the CDC)

**A12** Symposium 11: Controversies in serologic testing for syphilis (sponsored by the CDC)

**A14** Symposium 12: Current topics on human papillomavirus

**A15** Symposium 13: Respondent-driven sampling: where we are and where should we be going?

**A16** Symposium 14: Research in progress: updates from American STD association developmental award recipients

**A18** Symposium 15: STI epidemiology in Europe: challenges for prevention and control

**Oral sessions**

**A21** Epidemiology oral session 1: Chlamydia

**A23** Epidemiology oral session 2: Human papillomavirus

**A26** Epidemiology oral session 3: bacterial resistance

**A28** Epidemiology oral session 4: STI and HIV among youth

**A31** Epidemiology oral session 5: Vaginal infections

**A35** Epidemiology oral session 6: Planning of HIV preventive interventions

**A38** Epidemiology oral session 7: Neglected issues in anal STIs and transmission

**A40** Epidemiology oral session 8: STIs and HIV in female sex workers

**A44** Epidemiology oral session 9: Use of observational data and mathematical modelling for impact evaluation
