

NEUROSYPHILIS

The results of

TRYPARSAMIDE

MAY & BAKER

therapy

••• The results of the treatment of neurosyphilis with Tryparsamide have been reported in a paper by Dr. J. H. B. de Vries, M.D., of the University of Amsterdam, in the *Journal of Neurology*, 1934, 111, 1-10. The author states that the results of the treatment of neurosyphilis with Tryparsamide are very satisfactory, and that the drug is well tolerated by the patient. The results of the treatment of neurosyphilis with Tryparsamide are very satisfactory, and that the drug is well tolerated by the patient.
