

INDEX TO VOLUME XXXIX, 1963

Authors and subjects of articles in the body of the Journal are indexed together. There is a separate index to subjects of articles abstracted, and another to authors of articles abstracted.

- Actinospectacin: *see* Trobicin
ALERGANT, C. D.: Treatment of gonorrhoea with Penbritin. A report of 200 cases, 225
Ampicillin in gonorrhoea, 164, 225
— in non-gonococcal urethritis, 244
—, results in white and Negro patients, 165
—, side-effects, 165
Anaemia, haemolytic, following malarial therapy, 269
Aneurysm, syphilitic, incidence, 42
Anus, Donovaniasis, 17
—, epithelioma, 16
—, fissures, 15
—, melanoma, 17
—, non-venereal lesions, 15
—, pruritus, 16
—, rodent ulcer, 16
—, warts, 16
Auto-immunity in Reiter's syndrome, 246
- Barnsley, gonorrhoea in, 105
Behçet's syndrome, 17

INDEX TO SUBJECTS OF ARTICLES ABSTRACTED

* denotes that only the title is included with the abstracts.

- Adenovirus, 212*
Amphotericin B in gonococcal urethritis, 54*
— — in gonorrhoea, 134
Aneurysm, syphilitic, surgical treatment, 209
Ankylosing spondylitis and Reiter's syndrome, 134
Antibiotics in gonococcal urethritis, 289
— in gonorrhoea, 54*
— in primary syphilis, 210*
— in urethritis, 212*
Antigens, polysaccharide, 53*
Anus, syphilis, 130*
—, syphiloma, 51*
Aorta, calcification, 287*
—, syphilis, 130*, 208*
Aortic arch syndrome, 130*
Argyll Robertson phenomenon, semeiology, 129
Arthritis, gonococcal, 134*, 290
—, syphilitic, 130*
— and venereal disease, 290
Arthroblennorrhagic keratosis, 212*
Arthropathy, tabetic, 50
—, vertebral, 287*
Auto-immune disease, 131
- Basophil degranulation test for allergy to penicillin, 290
Behçet's syndrome, 291*
Benzathine penicillin G, purification and pain reduction in injections, 135*
BFP phenomenon, 132*
Bismuth and malignant syphilis, 209
Blennorrhagia, 290*
Blennorrhoea, treatment, 54*
— and trachoma, 55
— virus, 135
— —, growth characteristics, 55*
— —, inoculation of man, 55
— —, neutralization test, 55*
— —, total particle counts, 55
Brain, syphilis, 287*
—, —, angiography, 208*
- Cardiolipid, 132*
Cardiolipin antigen, 211*
— — in sero-diagnosis of syphilis, 53*
— microflocculation test, 211*
Cerebrospinal fluid and complement-fixation test, 289*
Cervicitis, trichomonal, 136*
Chancroid, treatment, 291*
Children, Reiter's syndrome in, 135*
Chloramphenicol in pregnant women with syphilis, 210*
— in syphilis, 210*
Climate and framboesia, 136*
— and syphilis, 136*
Complement-deviation reaction, 210*
Complement-fixation test and immunofluorescence test, 53*
— — —, effect of cerebrospinal fluid, 289*
Contact-tracing, form of questionnaire, 136*
Coronary ostia, syphilis of, 208*
Cortisone in syphilitic orchitis, 133*
Cysticercosis, diagnosis, 211*
- Demethylchlortetracycline in early syphilis, 130
— in gonococcal urethritis, 211*
District of Columbia, venereal disease education in, 212*
Dried blood in FTA test, 289*
- Environment and syphilis, 136*
Erythromycin in early syphilis, 51
Eye, syphilis, 207
- False positive reactors, 210*
Fiessinger-Leroy-Reiter syndrome, 135*, 212*
Flagyl in trichomoniasis, 136
Florence, syphilis in, 210*, 288*
Fluorescent treponemal antibody test: *see* FTA test
Framboesia, climate and, 136*
—, environment and 136*
France, tertiary syphilis in 50
FTA test, 133* *bis*, 210* *bis*, 291*
— —, evaluation, 132*, 210*, 288
— —, technique, 132*, 288*
— — using dried blood, 289*
- Gastritis, syphilitic, 208*
General paralysis of the insane, 129
Gonococcus, culture in liquid media, 134*
—, resistance to antibiotics, 54* *bis*
—, sensitivity *in vivo* and *in vitro*, 54* *bis*
—, — to antibiotics, 54* *bis*
Gonorrhoea, 54, 133
— in accessory urethra, 134*
—, amphotericin B in, 134
—, asymptomatic, 54*
—, control failure, 56, 134*
—, dispensary treatment, 290*
—, epidemiology, 291*
—, fluorescent gonococcal antibody test in females, 211*
— in Norway, 290*
—, penicillin in, 54*
—, — resistance in, 289, 290*
—, tetracycline in, 134
—, treatment, 134*
—, — at Kiel Skin Clinic, 211*
—, triacetyloleandomycin in, 211*
— in women, treatment, 54*
- Hap-medium for *Neisseria gonorrhoeae* fermentation, 211*
Helminthiasis, diagnosis, 136*
Hepatoma and syphilis, 208*
Herxheimer reaction and penicillin, 291*
Homosexuals and venereal diseases, 56, 212*
Hungary, venereal disease in, 136*
- Immigrants and venereal diseases, 56
Immunofluorescence test and complement-fixation test, 53*
