

Contents

Serological classification of *Neisseria gonorrhoeae* with monoclonal antibody coagglutination reagents
D V COGHILL, H YOUNG *pages* 225–32

Auxotypes, plasmid contents, and serovars of gonococcal strains (PPNG and non-PPNG) from Jamaica
J R DILLON, M CARBALLO, S D KING, A R BRATHWAITE *pages* 233–8

Chromosomal resistance of gonococci to antibiotics
C A ISON, J GEDNEY, C S F EASMON *pages* 239–43

Trends in gonococcal resistance to antibiotics in Rotterdam, the Netherlands, 1975–86
J H T WAGENVOORT, J H van RIJSOORT-VOS, J A J W KLUIJTMANS, M J KIESKAMP, E STOLZ, M F MICHEL
pages 244–5

Epidemiology and treatment of uncomplicated gonorrhoea caused by non-PPNG strains in Córdoba, Argentina: auxotypes, susceptibility profiles, and plasmid analyses of urethral isolates from men
H K MONAYAR, A LEDESMA, V NOBILE, J A VIARENGO *pages* 246–9

Indirect haemagglutination test using gonococcal pilus antigen: how useful to diagnose gonorrhoea?
K REIMANN, L ØDUM, S O LARSEN, I LIND *pages* 250–5

Action of anticytoskeletal compounds on in vitro cytopathic effect, phagocytosis, and adhesiveness of *Trichomonas vaginalis*
C JULIANO, G MONACO, P BANDIERA, G TEDDE, P CAPPUCCINELLI *pages* 256–63

Venereal trichomoniasis: role of men
J G LANGLEY, J M GOLDSMID, N DAVIES *pages* 264–7

Alveolar permeability in HIV antibody positive patients with *Pneumocystis carinii* pneumonia
M J O'DOHERTY, C J PAGE, C S BRADBEER, M SHAHMANESH, A EDWARDS, D BARLOW, N T BATEMAN, D N CROFT
pages 268–70

Zinc and genital infections
M S CORNELL, L J HINKS, H S K SINGHA, V WALKER, F E WILLMOTT *pages* 271–3

Lymphocyte subpopulations in donovanosis assessed by monoclonal antibodies and immunoglobulins
V N SEHGAL, M K JAIN, V K SHARMA *pages* 274–6

Aortic regurgitation due to syphilis: unusual case
N O'FARRELL *pages* 277–8

Correspondence *pages* 279–80

Book reviews *pages* 280–1

Obituary *pages* 281–2

Notices *page* 282

List of current publications *pages* 283–8
