This supplement contains a selection of papers that were presented at a workshop held in Harare, Zimbabwe, in November 2004. The editors would like to thank the WHO African regional office for hosting the meeting, the Secretariat of the UNAIDS Reference Group on Estimates, Modelling and Projections (Imperial College, London) for organising the meeting, and the following organisations for their financial support: The European Commission, UNICEF, UNAIDS, and WHO. The views expressed in these papers represent the views of the named authors and do not necessarily represent the views or policies of the authors' organisations or the organisations who supported this work.
