Volume 98 Issue 2 | STI March 2022

Original research
79 Tracking missed opportunities for an early HIV diagnosis in a population of people living with HIV with known time of infection
D Basoulou, E G Koszuki, D Paraskevis, A Hatzakis, M Psichogiou

85 Decrease in incidence of sexually transmitted infections symptoms in men who have sex with men enrolled in a quarterly HIV prevention and care programme in West Africa (CoHMSM ANRS 13224—Expertise France)

95 Clinical outcomes of syphilis in HIV-negative and HIV-positive MSM: occurrence of repeat syphilis episodes and non-treponemal serology responses
S A Nieuwenburg, R J Sprenger, M F Schim van der Zee, H J C de Vries

101 Sexual behaviours associated with incident high-risk anal human papillomavirus among gay and bisexual men

108 Going beyond ‘regular and casual’: development of a classification of sexual partner types to enhance partner notification for STIs

115 Chlamydia trachomatis and Mycoplasma genitalium prevalence and associated factors among women presenting to a pregnancy termination and contraception clinic, 2009–2019

Short reports
121 Confirmatory testing of Neisseria gonorrhoeae in a sexual health clinic: implications for epidemiology and treatment policy
M Tlemeans, M van Westreenen, C Klaassen, H M Göz

125 High levels of undiagnosed rectal STIs suggest that screening remains inadequate among Black gay, bisexual and other men who have sex with men
R J Watson, C Cell Liberia, J L Maksut, V A Earnshaw, K Rausins, I Eaton

128 Ethnic inequalities in mental health and socioeconomic status among older women living with HIV: results from the PRIME Study
D Solomou, S Tanig, A Alls, F Burns, R Gibson, C Sabir, L Shen, F Petin, R Dhairawan

H Harvata, C Reynolds, S Saz, V Maddox, S D Penchela, A Amara, I Else, S Bradford, S Khoo

136 Factors associated with testing positive for syphilis among MSM who present as sexual contacts of syphilis from a clinic-based population
D Richardson, A Pickering, K Nichols, Z Buss, D Tromman, C Fitzpatrick, D Williams

139 Culture obtained from urethral swab of asymptomatic men who screen positive for Neisseria gonorrhoeae by urine nucleic acid amplification testing
A Ratnappuli, M Bissessor, S Arumugam, D A Williamson, E F P Chow, C K Fairley, J J Ong, V De Petra, M Y Chen

Contents

Review
143 HIV testing in termination of pregnancy and colposcopy services: a scoping review
P Filippidis, K Francini, M Jacot-Guillarmod, P Mathevet, L Lhopitallier, M Cavassini, K E A Darling

Research letters
150 STIs during the first and second wave of COVID-19 in Denmark
I M Heerfordt

152 Increased clinician confidence and uptake of event-based PrEP by men who have sex with men during the COVID-19 pandemic
D Richardson, E Buck, A Parkhouse, D Williams

153 Clustering HIV infections among MSM fuelled by drug and internet
X Yan, H Xu, Y Li, H Su, B Zhang, Z Jia

154 SARS-CoV-2 vaccination of people living with human T leukaemia virus type 1
A Araujo, F Marin

155 Decrease in the incidence of chlamydia infection during the COVID-19 pandemic in South Korea
S Chang, S Ryu, D Kim, B C Chun

Correspondence
157 Prolonged neuropsychiatric symptoms may delay the diagnosis of parkinsonism secondary to neurosyphilis
K Guo, C Jiang, Z Hong, Z Dong

158 Choice of antibiotics for prophylaxis of bacterial STIs among individuals currently self-sourcing
M Kohli, D Reid, CV Pulford, A Howarth, J Brown, H Mohammed, G Hughes, C H Mercer, J Saunders

Perspectives
159 Research news in clinical context
D Solomon, R Tan, F Ceccherini-Silberstein, W Tang, M Desai
