

## Anonymous HIV- and STI-testing site, Department of Infectious Disease, University Hospital Bern

This questionnaire is used to collect data for a dissertation at the University of Bern about the epidemiology of sexually transmitted infections (STIs). The main aim is to optimize the user-friendliness of our service. All information is voluntary and anonymous. The data will be treated confidentially, not passed on to third parties, and used exclusively for the dissertation in order to improve our service quality.
